CAREER OBJECTIVE

To build a strong career as a software developer by applying my skills in web development, problem-solving, and continuous learning while contributing to real-world projects and gaining industry-level experience in a growth-oriented organization.

WORK EXPERIENCE

Full Stack Development • Internship

Jun 2025 - Aug 2025

Hashedbit Innovation, Virtual

Completed multiple internship projects at Hashedbit Innovation, working on real-world problem statements and assigned development tasks. Actively contributed to frontend and basic backend development, including feature implementation, bug fixing, and logic improvement. Worked with technologies such as JavaScript, React, HTML, CSS, and used Git & GitHub for version control and code management. Collaborated with mentors and followed structured workflows, improving problem-solving skills, code quality, and understanding of professional software development practices.

Founder & Developer

Jul 2023 - Dec 2024

EagleCodeSolutions, Virtual

Developed a professional service-based website from scratch for a startup initiative. Designed UI using HTML, CSS, JavaScript with a responsive layout. Deployed website using Namecheap domain and InfinityFree hosting. Integrated Google Forms for backend form handling. Built branding, logo design, and trust-focused design in a blue/white theme. Aimed to provide internship opportunities and digital services to students and startups.

EDUCATION

B.Tech, Computer Science & Engineering

2023 - 2027

Samrat Ashok Technological Institute, Vidisha

Senior Secondary (XII), CBSE

2022

Science

Takshashila Public School

Percentage: 74.80%

TRAININGS / CERTIFICATIONS

Full Stack Development

Jan 2024 - May 2025

Udemy, Virtual
